Lithium-ION 

Reach Truck

R 10 – R 25 HD | W | N

Capacity 1.0 – 2.5 t | Series 1120

Robust all-rounder with extensive safety options

- Efficient logistics handling in wide-ranging sectors thanks to model diversity and extensive equipment portfolio
- Safe handling of loads at height through visibility-optimized masts, automatic parking brake and Linde Curve Assist and load wheel brake as standard
- Sophisticated ergonomic concept ensures intuitive and fatigue-free operation
- Service intervals of 1000 operating hours with easy access and maintenance-free electric motors offer outstanding availability

Optional equipment Not available
h1: Height of mast, lowered **h2:** Free lift **h3:** Lift **h4:** Height of mast, extended

CHARACTERISTICS

Ergonomics as standard

Ergonomics

- Maximum operating comfort due to Multifunction Lever and padded armrests with the preciseness of Linde Load Control
- Sophisticated ergonomic concept ensures intuitive and fatigue-free work
- All components and control elements individually adjustable
- Air-suspended seat that adapts to operator's weight and vibration-free operator compartment for greater comfort on uneven surfaces as standard
- Effective and convenient operation via intuitive controls and low access height

Multifunction Lever

Handling

- Linde Load Control and Multifunction Lever offers a precise load handling
- Powerful drive and lift motors enable high load throughput
- Smooth, precise control of traction and hydraulic functions with Linde Digital Control System
- Excellent maneuverability in confined conditions and at height thanks to short wheelbase and dual-pedal system

Unique ER and DMC system

Safety

- Linde Dynamic Mast Control with Electrical Reach, automatically compensates the dynamic mast oscillations and static deflections
- Safer load handling at height due to torsion-resistant triplex masts
- Monitoring system stops truck in the event of traction, steering or lift failure, plus auto-braking if driver exits cabin
- Safe cornering with Linde Curve Assist
- Clear view thanks to mast designed for optimal visibility
- Battery lock with creep speed interlock

Unique Rack Protection System RPS

Productivity

- Linde Rack Protection System reduces rack damages and rack service costs
- Utilization of full rack capacity
- Supports temporary operators
- Increases Productivity

Subject to modification in the interest of progress. Illustrations and technical details could include options and not binding for actual constructions. All dimensions subject to usual tolerances.
